

2 on 1 Horseshoe

Description

Note: Drill happens out of both corners at the same time.

2 forwards start in the corner and pass back and forth down the ice.

D steps out and only plays the F that is going to the net.

The F on the boards shoot from above the top of the circle.

The F going to the net and the D battle for the rebound.

Once play is dead, the forward driving the net becomes the forward on the wall in the next sequence

Tags: Drive the net hard, Shoot from the outside, D plays the man
