

2-1 regroup breakout

Description

x1- rim the puck around the wall

x2- intercepts the puck in the far corner, then explodes out to the front of the net for a shot on goal, then he continues diagonally out of the zone, receiving a pass from C and driving wide down ice for a shot on the far net.

Drill happens from diagonal opposite corners on each whistle.

Opposite sides go on the next whistle.

Tags: F- explode out of the corner after receiving the rimmed puck., carry the puck wide and protect it as you drive the far net.
